

# Summer at the Center

## Language & Literacy Program

Did you know that language skills serve as the foundation for literacy skills, and literacy practices help develop and expand language abilities? Developed by our team of speech-language pathologists, our Language + Literacy Program uses a developmental, child-centered approach to enrich vocabulary, comprehension, social skills and spoken and written language. Weekly themes incorporate books, sensory activities, movement and more in a group setting. Open to kids of all abilities! Registration required. Spots are limited.

**“Language Littles” (ages 3-5)**  
**Thursdays, 9:00-9:50am**

**“Language Legends” (ages 6-9)**  
**Thursdays, 10:00-10:50am**

\$220 (weekly payment plan available)

Session 1: June 5-26

Session 2: July 10-31

Need-based financial assistance available.

## Speech Stars

This “intensive” speech therapy program is a commitment to 8 sessions in 2 weeks. Research shows that a more frequent delivery, higher intensity model can promote more speech progress in a shorter amount of time. Through their expert-level care, our board-certified SLPs will create an individualized, child-centered treatment plan to maximize accuracy and motivation in a 1-on-1 setting. This program is ideal for children age 4 years and up, those with complex or “persistent” speech needs and/or those without services over the summer (i.e. school-based services).

**Please note: we will require a recent evaluation prior to your start date, which can be scheduled in our Center. Spots are limited.**

We are in network with most commercial insurances and Medicaid (coverage dependent on your policy). Payment plans available for self-pay. Need-based financial assistance available.

Sessions are Monday-Thursday with a 2 week commitment. Start dates:

June 2

June 16

June 30

July 14

July 28
